RE: Cultural Resources Survey Report for: TM 5518, Log No. 06-14-046 – Donahue Drive Subdivision, SPN 517-020-90, 91 Negative Survey

Dear Dr. Mallios:

Please be advised that a survey has been conducted on the above referenced project. It has been determined that there are no cultural resources present on this property. The project has been plotted on the attached USGS 7.5 minute topographical map for your information.

County: San Diego

USGS 7.5' Quad: El Cajon; Section: 19, 20; Township: 16S; Range: 01E

Address: Donahue Drive,
City: San Diego (Valle de Oro); State: CA 92019

Thomas Brothers: 1272 D3

Other Locational Data: The project is located at the intersection of Hillsdale Road and Donahue Drive. One parcel is on the west side of Donahue (APN 517-020-90) and the other parcel (APN 517-020-91) is on the west side of the street.

Assessor Parcel Number(s): 517-020-90, 91

Elevation: Approx. 500 feet

Owner and Address:

Survey Type: Intensive Pedestrian
Date of Survey: December 28, 2006
Field Crew: Gail Wright

Description: The field survey was conducted using standard archaeological procedures and techniques. For the most part, continuous parallel transects (10 meters) were walked in a east-west direction. Survey conditions in these areas were good to fair, with some areas partially obscured by ground cover in the form of non-native grasses. In areas possessing dense vegetation, the survey methodology was adjusted to accommodate surface examination of trails and clearings and to facilitate the inspection. The area has no bedrock outcrops or specific drainages or native vegetation and the potential for cultural resources is very low. The site was extensively disturbed by grading and is quite flat with the exception of a steep slope at the

western end of the parcel. The site is bordered on the North by Hillsdale Road and on the East by Donahue Drive. Residential dwellings are located to the South and West. No artifacts or features were identified during this survey. This project proposes to subdivide the property into 7 residential lots, one of which is already under construction on the east side of Donahue Drive.

If you have any questions, please contact me at (858) 694-3003.

Sincerely,

Gail Wright
